TimeTech

RFID Label Printer

Durable, High-Performance RFID Printing for Industrial Use

- Prints and encodes UHF RFID labels for item-level tracking
- Metal frame construction for rugged environments
- Adaptive encoding supports flexible tag placement
- Multiple connectivity options including USB, Ethernet, Bluetooth, Wi-Fi
- Fast, high-resolution printing — up to 600 dpi
- Compatible with multiple media types and label sizes
- Easy integration with enterprise software and global supply chains
- Available in 4" and 6" models (ZT410 & ZT420)

Feature	Details
RFID Capability	UHF EPC Gen 2 / ISO 18000-6C, Adaptive Encoding, 0.6" Min Pitch
Print Resolution	203 / 300 / 600 dpi (ZT410 only)
Print Width	ZT410: 4.09" / ZT420: 6.6"
Max Print Speed	ZT410: 14 ips / ZT420: 12 ips
Construction	All-metal frame with side-loading supplies path
Connectivity	USB, Serial, Ethernet, Bluetooth, Wi-Fi (optional), Parallel (optional)
Media Support	Continuous, die-cut, black-mark, etc.
Memory	256 MB RAM / 512 MB Flash
Display	Backlit LCD with intuitive navigation
Use Case	Manufacturing, Logistics, Retail, Healthcare
